

U.S. HOUSE OF REPRESENTATIVES

PERMANENT SELECT  
COMMITTEE ON INTELLIGENCE

WASHINGTON, D.C. 20515

6 June 1986

Mr. McCurdy

Subject: Trip After-action

Enclosed are the cables as received. State believes the rest will be in by Monday. I have also attached a summary of some of the meetings from my notes. These will serve as a check on the State cables since their interpretation may be different than the Code's. Rest of meeting notes will be done Tuesday.

George Ingram sent me this short summary he did for Mr. Fascell. You may find it useful.

It's good you weren't at the meeting yesterday with State and the Agency. Alan indicated that Cerezo told him that he supports aid to the contra's and that even Costa Rica is supportive. I'll excerpt out the exact quotes from the transcript but it's another example of how things get skewed when you're trying to push Administration policy.

I've also requested that State provide us with  
— the Poll in El Salvador than Amb. Corr mentioned to us.
