Dear Sir:

We previously submitted a proposal to you in 1974, for an Indian Health facility in Nowata, Oklahoma. This facility is badly needed to alleviate the congestion at the Claremore Indian Service Unit for out-patient care.

Please find enclosed revised proposal for an add-on appropriation to Public Law 86-121.

Also enclosed is a resolution passed by the Delaware Tribal Business Committee, May 6, 1974.

Thank you for your prompt attention.

Respectfully yours,

*Henry A. Secondine*

Nowata Health Center - Service Area

This Nowata Health Center will provide care to the total Indian population of the Nowata Service Area.

At present this population must travel to the Claremore Hospital for adequate full time health care which is 30 miles away.

This planned facility would permit good quality of ambulatory care to the total Indian population when they need it within a reasonable driving distance.

It is estimated that services will increase after a full year of operation as follows:
