OKLAHOMA BECAME A STATE IN 1907

STATE POWER . . . METEORIC STATE TREES . . . 62,293 sq. mi.

Welcome to Oklahoma

The people of Oklahoma bid you welcome to one of the nation's youngest and most progressive states.

Oklahoma's farms, ranches, mines, oil fields, industries, churches, schools, public buildings and homes have been developed from the raw resources of our plains and highlands with the help of the federal government.

We are proud of this development, and we face the future confident of many bright tomorrows. Our young and vigorous state, rich in resources, mild in climate, and peopled by those imbued with the hospitality of the West, offers unlimited horizons for the development of prosperous industries. Wherever you find an early opportunity to settle — so happy that you will find an early opportunity to settle.

HIGHWAY CONSTRUCTION must of necessity be completed during the seasons in which Highway construction is possible. Construction which prevent construction operations during the winter months. Today's construction projects mean Safer and Better Highways in the future.

A FEW SECONDS IS THE DIFFERENCE BETWEEN SAFETY AND AN ACCIDENT

DRIVE SAFELY

HAVE your driver's or chauffeur's license in your immediate possession at all times when operating a motor vehicle.

ALWAYS give your driving your undivided attention.

DRIVE properly — no improper lane changing, no improper passing.

BE SURE you are in the proper lane before attempting to overtake and pass another vehicle.

GIVE way to the right side of the road and do not increase speed when passing.

PARK off of traveled portion of highway and NEVER park or stop on bridges.

DIM headlights when approaching an oncoming vehicle or following closely behind another.

WATCH FOR AND OBSERVE ALL STOP SIGNS, WARNING SIGNS AND TRAFFIC SIGNALS.

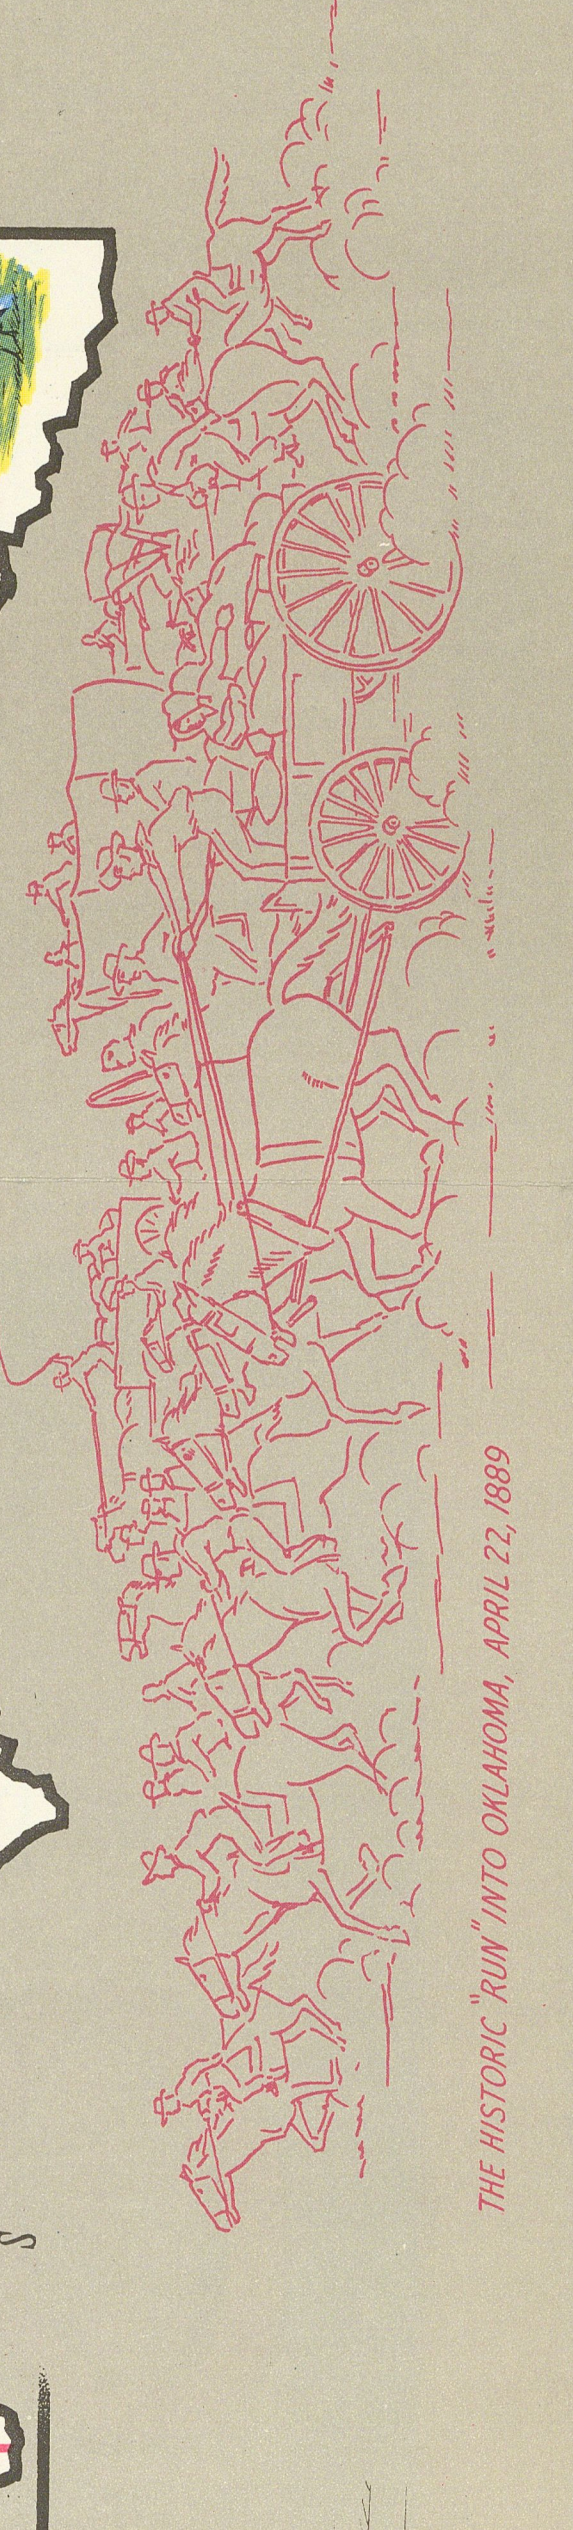

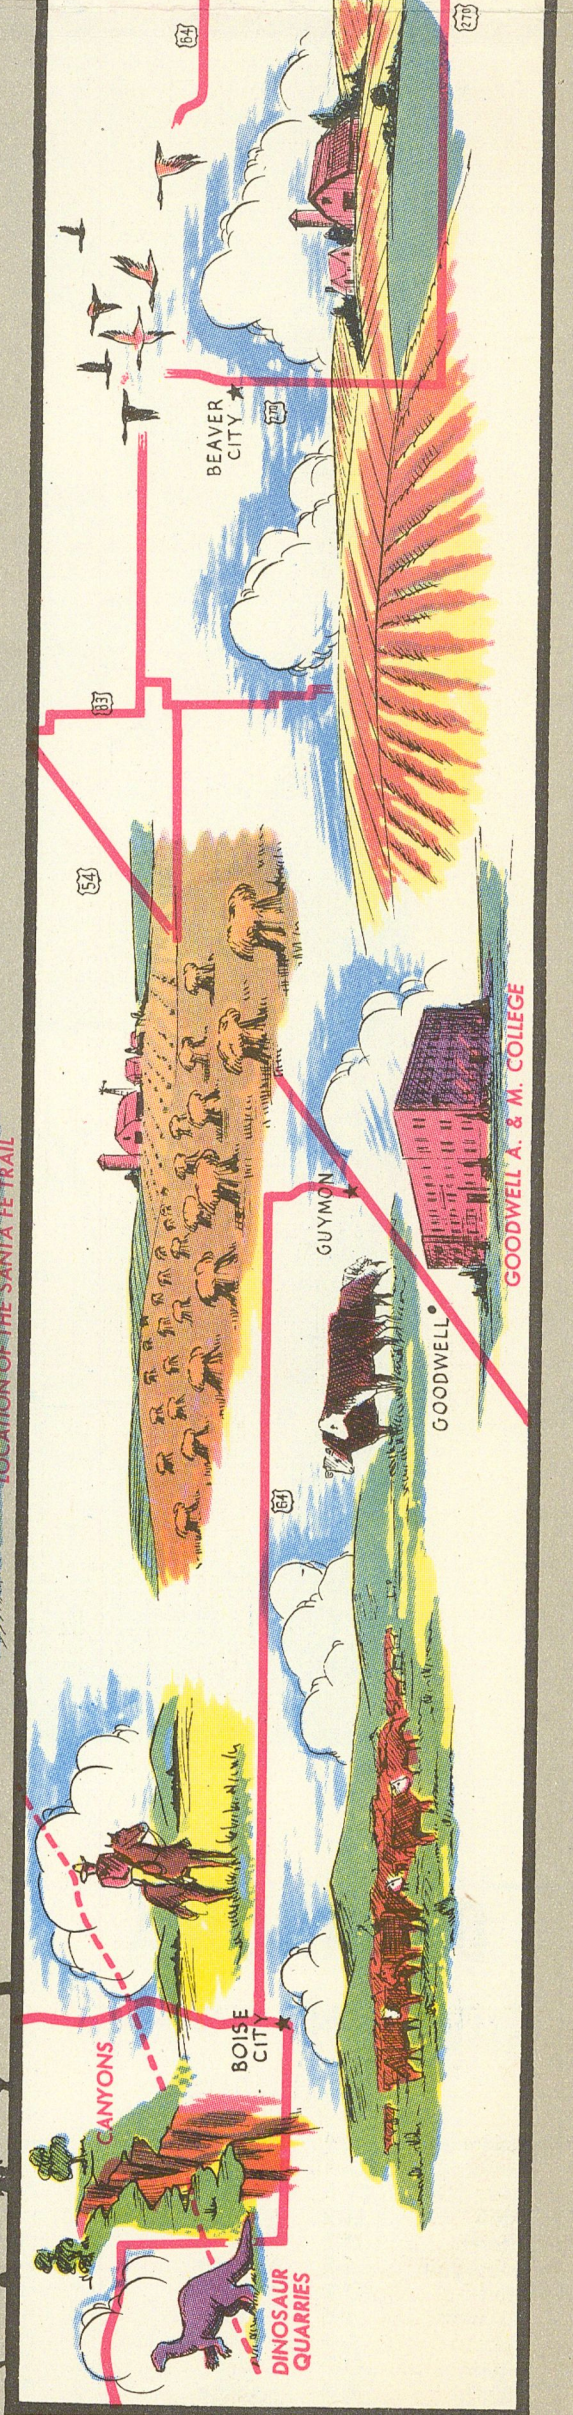

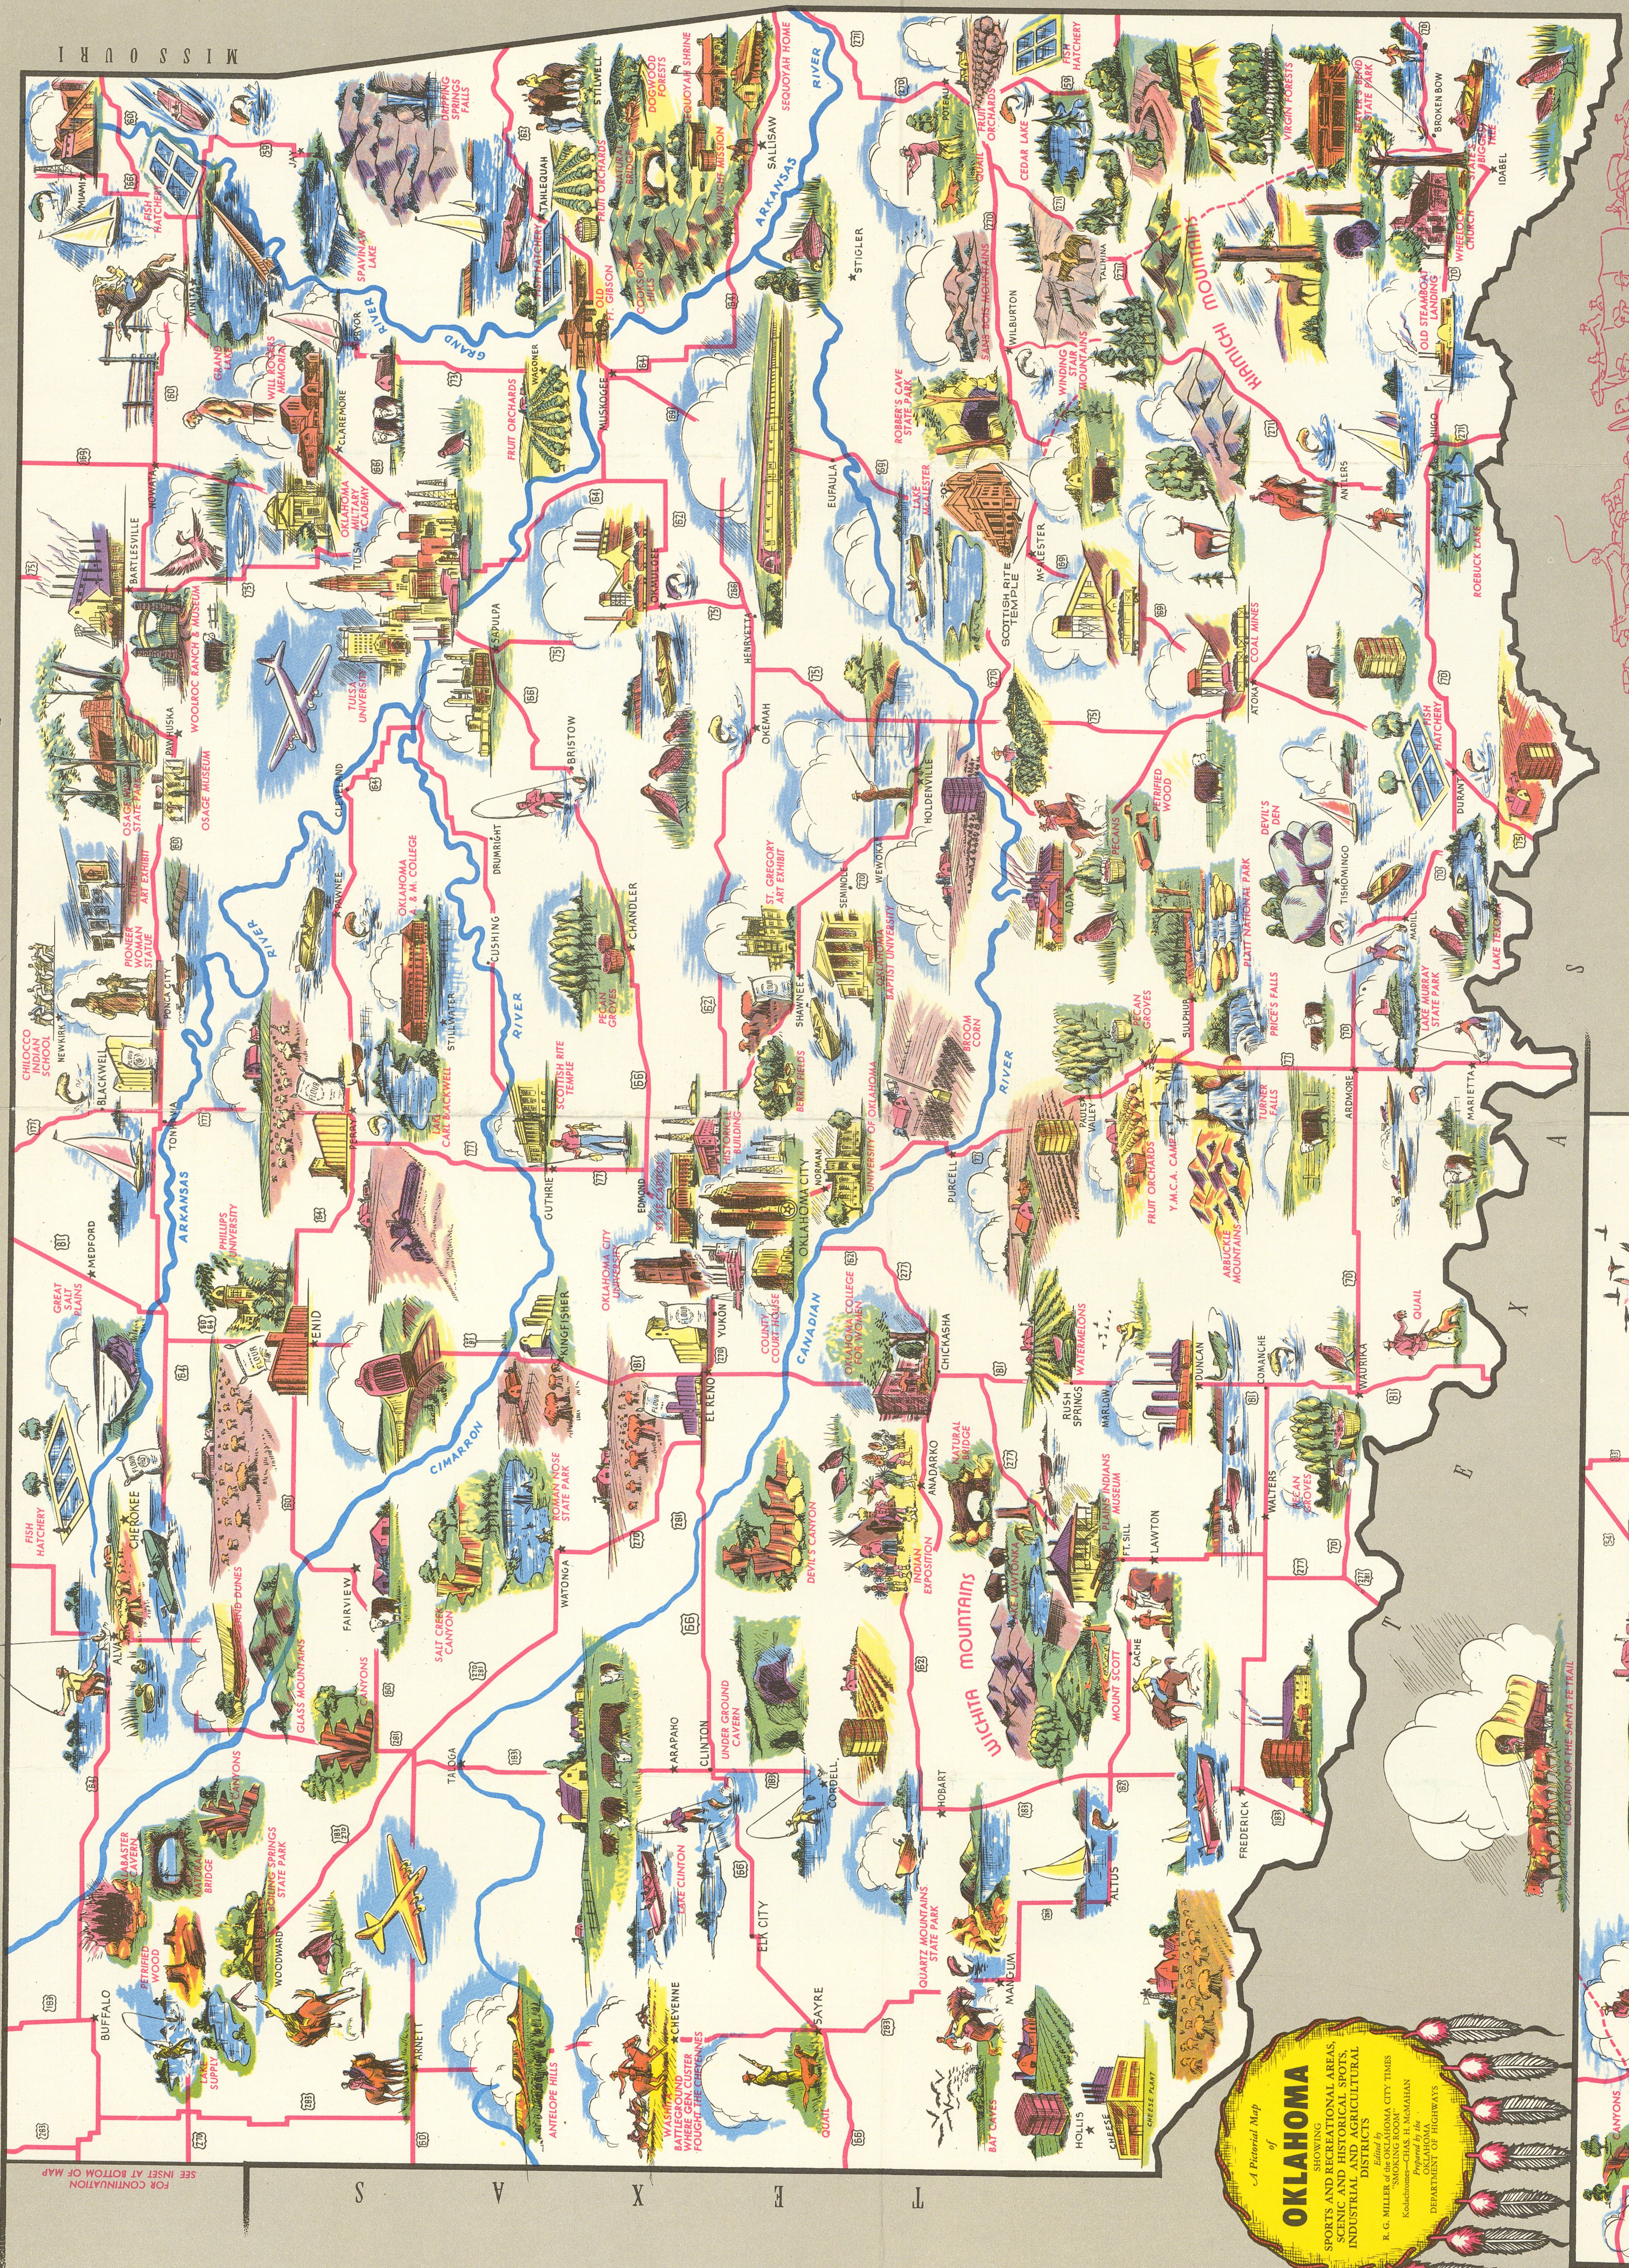

State Highway 33, 32, Kingfisher Memorial Highway west of Kingfisher in Kingfisher County.
