

CHECK UP
on Road Information
DAILY

WHILE EVERY EFFORT has been made to have the information on this map accurate at date of publication, subsequent changes in road conditions may invalidate some of the information. A new road may be opened up, an old road suddenly placed under construction, a bridge condemned, or a change in highway numbers may be made by State Highway Departments.

There are numerous detours constantly in effect on the major trunk line routes of this country to say nothing of the innumerable construction projects on secondary routes. The location and condition of these detours, which may usually be avoided are known to A. A. A. touring bureaus, each of whom has on file maps showing current road conditions.

Your membership card in your local club gives you membership in more than 1,000 other automobile clubs affiliated under the A. A. A. banner. Therefore, to save time and to avoid trouble, call frequently at A. A. A. touring bureaus for the latest and most authentic information.

CENTRAL UNITED STATES
OFFICIAL AAA ROAD MAP

This Map is Accurately Filled for Your Convenience

Two-thirds of map is filled without loss of a look. The central thought is to give you the most complete and accurate map possible. The map is filled with the most complete and accurate information available. The map is filled with the most complete and accurate information available.

U. S. Highways 32 and 38—CHICAGO TO DENVER

These two great Federal Highways offer travelers a short, fully surfaced and interesting road between Chicago and Denver. Highway No. 32 from Aurora (just west of Chicago) to Omaha, passes through one of the most beautiful parts of Illinois and Iowa. It is entirely paved except one 13 mile stretch of good gravel. It is the shortest route between these two cities. Highway No. 38 from Omaha to Denver (via Greeley) is a newly paved and gravelled road of many attractions. SCENIC BEAUTY, NEW PAVING, FINE HOTELS, MODERN TOURIST PARKS, HISTORIC PLACES, ATTRACT THOUSANDS OF TRAVELERS OVER THESE ROADS. JOIN THEM!

For full information and map, address, Nos. 32-38 Highway Association, Coliseum Building, Des Moines, Iowa.
