But the very old lady was not
very glad

For ~~we~~ stealing her cakes
made her very ~~very~~ mad
So she thought she would
punish that very day and that
what she did while we were
at play

She brought out a basket full
off fine cakes that ever
a baker or cook ever makes
and when we had eaten them
some of my stomachs hurt
so bad we thought we would
die
Then we all ran home so fast
oh how fast.

and our stomachs stop
hurting however at last
and now when the lady
sets cakes on the shelf
we never have thought ~~that~~
that will ever still

We see men farming on the
mountain sides.

They are growing white
grapes for wine.

There are many cities and
villages along the river.

We also pass lots of
boats.

I like to travel in Germa-
ny.

We are now looking at the
oldest castle on the Rhine
now in ruins.

There was an old woman who
lived in a hill.

And if she's not gone she is
living there still.

She used to make cakes and
she used to make pies

That would make all the
children roll out ~~big~~ eyes.

One day she put cakes on
the window sill
and all of the children
thought we'd have
a meal.

So we took the cakes and we
stole them away
then we had pictures so
fine and gay
